

PYP

The PYP focuses on the development of the whole child as an inquirer, both in school and in the world beyond. The PYP offers a transformative experience for students, teachers and whole school communities and delivers excellent outcomes by providing an education that is engaging, relevant, and challenging.

Guided by six transdisciplinary themes that have global significance, students use the program to broaden their learning by developing their conceptual understandings, strengthening their knowledge and skills across, between and beyond subject areas.

PYP learners know how to take ownership of their learning, collaborating with teachers to deepen understanding and increase their confidence and self-motivation. Through actively engaging in integrated ongoing assessment they become effective, self-regulated learners who can act on constructive feedback.

At Queens Gate Academy, we are proud to offer an inclusive and enriched learning environment for all students at our school.
